## Gender-affirming Care Access Program

Strengthening each provider's ability to deliver compassionate gender-affirming care, one question at a time.

**The Transhealth Gender-Affirming Care Access Program (TGCAP)** provides free provider-to-provider resources for healthcare providers licensed in the state of Massachusetts who have questions about the care of trans and gender-diverse patients.

### WHO'S ELIGIBLE

Healthcare providers currently licensed in and serving patients in the Commonwealth of Massachusetts who have questions about trans or gender-diverse patient care.

### WHY WE'RE DOING THIS

Transhealth has developed this innovative program to assist healthcare providers across Massachusetts with increasing their clinical knowledge and better equipping them to deliver compassionate, gender-affirming care.

### HOW IT WORKS

Visit our website  
[transhealth.org/tgcap](https://transhealth.org/tgcap)

Ask your question(s) through the TGCAP form. We will aim to get back to you within three (3) business days.

### ABOUT TRANSHEALTH

As an independent and comprehensive healthcare center in Massachusetts, Transhealth is proud to share our expertise to enhance the capacity of our state's healthcare system to meet the needs of our trans and gender-diverse residents.

Funded by a grant from the Blue Cross Blue Shield Foundation of Massachusetts.
